Settling claims

We will decide whether to pay the cost of repairing or replacing the part of **your buildings** damaged or destroyed if:

- the limit shown on the schedule is enough to pay to rebuild **your buildings** in a new condition, similar in size, form and style, including any extra expenses;
- the repair or rebuilding is carried out immediately after **we** give **our** approval (other than emergency repairs, which should be carried out immediately); and
- **your buildings** are in a good state of repair.

If the loss or damage to **your buildings** is not repaired or replaced as **we** have explained above, **we** will then decide to pay either:

- the cost of repairing or replacing the damage, less a deduction for wear and tear; or
- the difference between the market value of **your home** immediately before the damage and its value after the damage.

We will not pay the cost of replacing any undamaged or unbroken item or parts of items forming part of a pair, set, suite or collection of the same type, colour or design if the damage happens to one particular area or to a specific part and replacements cannot be matched.

If **we** have discounted the premium for this section because **you** have not made any claims, **we** may reduce or remove the discount if **you** make a claim. The no-claim discount is shown on the schedule.

Buildings limit

The most **we** will pay is the **buildings** limit shown on the schedule and any extra expenses and fees listed under Extra benefit 4.

Underinsurance

If at the time of any loss or damage the limit is less than the full cost of rebuilding the **buildings** in a new condition similar in size, shape and form, including any extra expenses, **we** will only pay part of the claim.

For example, if the sum insured for **buildings** only covers two-thirds of the cost of rebuilding **your buildings**, **we** will only pay two-thirds of the claim.

Maintaining the buildings limit

After **we** have settled a claim, **we** will automatically reinstate the **buildings** limit, as long as **you** take any reasonable measures **we** suggest to prevent any further loss or damage.

Buildings liability

For the purpose of this section, bodily injury will include death and disease.

Do

- Check **your** electrical equipment regularly, make certain that correct fuses are used and do not overload the circuits. Follow maker's instructions, particularly for electric blankets. Hire a competent electrician if **you** are in doubt.
- Always unplug non-essential appliances before **you** go to bed at night, especially electric blankets.
- Be careful with cigarette ends, ashtrays and hot irons.
- Install a suitable fire extinguisher. **You** should put one in the kitchen.
- Make sure that all open fires are properly guarded – even if they appear to be out – especially at night.
- Have **your** chimney swept, and flues regularly checked, at least once a year (if **you** use open fires).

Don't

- Smoke in bed.
- Move or fill oil heaters when they are alight.
- Let children play with matches or fire.
- Leave a pan of fat unattended on the cooker.

Water damage

- Insulate exposed water pipes and tanks in the roof area.
- Turn off the water supply and drain out the system if **you** leave the property empty in the winter months. Or leave the central heating on throughout the **home** to maintain a minimum temperature of 15°C and consider leaving the loft access open so that warm air can move into the roof space. This will reduce the possibility of the pipes and tank freezing.
- If, despite **your** precautions, your pipes freeze, thaw them out slowly using hot-water bottles or hairdryers. Never use a blowlamp or warm-air paint stripper gun.

Security

- Make sure **you** have good-quality locks (approved to British Standard) fitted to all of **your** outside doors and all accessible windows.
- Use the door and window protections when **you** leave **your home** unattended – day or night – and remove the keys from the locks (including the garage).
- Do not leave keys under the mat or inside the letter box, or anywhere else they can be found easily.
- Leave a light, on a timer, in a room other than the hall when **you** are out in the evening or overnight.
- Do not leave large amounts of **money** in **your home**.
- Do not leave valuable property in unattended vehicles.
- Photograph **your valuables** and keep copies of valuations and receipts. These are extremely helpful in case they are lost or stolen, not only to **us** but also to the police.
- If **you** doubt the effectiveness of **your** existing door or window locks or bolts, please see the main security section.

When you go away on holiday

- Tell **your** local Neighbourhood Watch about **your** holiday.
- Stop newspaper and milk-deliveries; do not advertise **your** absence.
- Place any **valuables**, which are not being carried or worn, with a bank or other suitable deposit.
- Make certain that all doors and windows are closed and locked. If **you** have an alarm, make sure this is switched on.
- Leave **your** key with a trusted neighbour and ask them to look in and inspect **your home** occasionally.
